The purpose of the project is to establish a concept for the improvement of the I-86/I-15 IC Complex. The Key #9000 project established a preliminary design study, IMR, and environmental clearance for this interchange. The intent of this project is to revisit Key 9000 geometry and revise and update to establish the final concept and scope of work for an FY 2022 project. It is estimated that \$100,000,000 will be needed for CN for this project paid out over FY 2022 and FY 2023. As many as 5 bridges will be addressed with this project.
